### Medicare Distinction

For INTEGRITY members: Neighborhood Health Plan of Rhode Island (Neighborhood) uses guidance from the Centers for Medicare and Medicaid Services (CMS) for coverage determinations, including medical necessity. Coverage determinations are based on applicable payment policies, National Coverage Determinations (NCDs), Local Coverage Determinations (LCDs), Local Coverage Articles (LCAs), and other available CMS published guidance.

In the absence of an applicable or incomplete NCD, LCD, or other CMS published guidance OR if available Medicare coverage guidance is not met, then Neighborhood will apply coverage guidance from the Rhode Island Executive Office of Health & Human Services (EOHHS), or other peer-reviewed scientific evidence, such as InterQual® and/or internal Clinical Medical Policies as a means of secondary coverage through the members' Medicaid benefit.

### Description:

“In Lieu of Services” are alternative services which Neighborhood Health Plan of RI (Neighborhood) may (but is not required to) provide for members as medically appropriate therapy to be used as substitutes for other state plan services. The Rhode Island Executive Office of Health and Human Services (EOHHS) has approved the following services to be utilized in this way.

- 1. Chiropractic Services in lieu of medications or invasive procedures for chronic pain. AUTHORIZATION REQUIRED. LIMIT OF 12 PER ROLLING YEAR.**

- 3. Massage Therapy in lieu of medications or invasive procedures for chronic pain. AUTHORIZATION REQUIRED. LIMIT OF 6 PER ROLLING YEAR.**

### Coverage Determination:

Neighborhood has been granted authorization from EOHHS to cover the above mentioned services when it is determined that the service in question is an effective in the treatment of their pain and improves the member’s quality of health.
