B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the "Drug List" for short.)

The drugs on the *List of Covered Drugs* that starts on page 13 are the drugs covered by Neighborhood INTEGRITY. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

- Neighborhood INTEGRITY will cover all medically necessary drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a Neighborhood INTEGRITY network pharmacy.
- Neighborhood INTEGRITY may have additional steps to access certain drugs (refer to question B4 below).

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

You can also refer to an up-to-date list of drugs that we cover on our website at www.nhpri.org/INTEGRITY or call Member Services at 1-844-812-6896 (TTY 711).

B2. Does the Drug List ever change?

Yes, and Neighborhood INTEGRITY must follow Medicare and Rhode Island Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization (PA) or approval for a drug. (PA is permission from Neighborhood INTEGRITY before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Neighborhood INTEGRITY's up to date Drug List online at www.nhpri.org/INTEGRITY.
 - You can also call Member Services to check the current Drug List at 1-844-812-6896 (TTY 711).
-

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.

- We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. We will send you a letter with advice on how to follow up with your provider and pharmacist.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**
 - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Neighborhood INTEGRITY before you fill your prescription. Neighborhood INTEGRITY may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Neighborhood INTEGRITY limits the amount of a drug you can get.
- **Step therapy:** Sometimes Neighborhood INTEGRITY requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages **13-146**. You can also get more information by visiting our website at www.nhpri.org/INTEGRITY. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs on page **13** has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if Neighborhood INTEGRITY changes their rules about some drugs (for example, PA (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it on page **147**.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” on page **13**. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **Cardiovascular**. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the Drug List?

If you don't find your drug on the Drug List, call Member Services at 1-844-812-6896 (TTY 711) and ask about it. If you learn that Neighborhood INTEGRITY will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new Neighborhood INTEGRITY Member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your Part D drug or 90-day supply of your Rhode Island Medicaid-covered drug during the first 90 days you are a member of Neighborhood INTEGRITY. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your Part D drug or 90-day supply of your Rhode Island Medicaid-covered drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by Neighborhood INTEGRITY, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Neighborhood INTEGRITY Member.
- This is in addition to the temporary supply during the first 90 days you are a Member of Neighborhood INTEGRITY.

Level of Care transitions are allowed for members released from a long-term care facility within the past 30 days. We will cover a cumulative 30-day supply of the drug you need whether or not you are a new Neighborhood INTEGRITY member.

Level of Care transitions are also allowed for members admitted to a long-term care facility within the past 30 days. We will cover a cumulative 31-day supply of the drug you need (fill limits are applicable for certain brand name drugs), whether or not you are a new Neighborhood INTEGRITY member.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Neighborhood INTEGRITY to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Neighborhood INTEGRITY may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. Member Services will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your prescriber should fax the statement to 1-855-829-2875.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Neighborhood INTEGRITY covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter." Neighborhood INTEGRITY covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Neighborhood INTEGRITY Drug List to find out what OTC drugs are covered.

B15. Does Neighborhood INTEGRITY cover non-drug OTC products?

Neighborhood INTEGRITY covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include certain urine or blood testing supplies, certain flavoring agents or dyes that can be added to liquid medications, and certain cream bases used for compounding.

You can read the Neighborhood INTEGRITY Drug List to find out what non-drug OTC products are covered.

B16. What is my copay?

As a Neighborhood INTEGRITY Member, you have no copays for prescription and OTC drugs as long as you follow Neighborhood INTEGRITY's rules.

B17. What are drug tiers?

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are generic drugs.
- Tier 2 drugs are brand name drugs.
- Tier 3 drugs are non-Medicare drugs and non-Medicare covered OTC drugs and items.

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Neighborhood INTEGRITY. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page **147**. The index alphabetically lists all drugs covered by Neighborhood INTEGRITY.

Note: The **DP** symbol next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Rhode Island Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at 1-844-812-6896 (TTY 711). You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

If you have questions, please call Neighborhood INTEGRITY at 1-844-812-6896 and TTY 711, 8 am to 8 pm, Monday through Friday and 8 am to 12 pm on Saturdays. The call is free. **For more information**, visit www.nhpri.org/INTEGRITY.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **Cardiovascular**. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior authorization (approval): you must have approval from the plan before you can get this drug.

ST = Step therapy: you must try another drug before you can get this one.

QL = Quantity limit: Neighborhood INTEGRITY limits the amount of this drug you can get.

B/D = This drug may be covered either by Medicare Part B or D. Depending upon the circumstances, a prior authorization (approval) may be required. Information may need to be submitted describing why and where (in what setting) you are using this drug.

DP = This drug is not a Part D drug.

NDS= Non-Extended Day Supply. This drug is not available for more than a 30-day supply.

LA = Limited Access. This drug is only available through certain specialty pharmacies.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., SYNTHROID), and generic drugs are listed in lower-case italics (e.g., *levothyroxine*). The information in the “Necessary actions, restrictions, or limits on use” column tells you if Neighborhood INTEGRITY has any rules for covering your drug.
