Neighborhood News – January 2025

Corrected (Replacement) and Voided Claims

Claims may be submitted electronically for correction or voiding without the need for any additional forms. When a corrected claim requires additional documentation and submission on paper, please be sure to use the current Corrected (Replacement)/Voided Claim Form. Neighborhood will not accept previous versions of the form and will return any such submissions to the sender.

Provider Administrative Appeals

An adjustment or reconsideration should be submitted prior to an administrative appeal request. Providers may submit an administrative appeal within sixty (60) days of an adjustment denial or a reconsideration denial. Effective December 1, 2024, administrative appeals are only accepted via the e-form on the Neighborhood website. Please refer to the [Claim Form Finder](#) for help determining the correct form to use. Additional information regarding this process can be found in the [Provider Manual](#) located on the Neighborhood website.
