

## Introducing Neighborhood's Women's Health Page

### Neighborhood News – April 2025

We are excited to invite you to visit and explore our new [Women's Health](#) page. Neighborhood is dedicated to empowering women by providing comprehensive information on benefits and programs such as pregnancy health, care management, preventive care, behavioral health, quit smoking initiatives, and more.

Neighborhood's women's health benefits include:

- Contraceptives
- Gynecological Annual Exams
- Prenatal Care Services
- Doula Care
- Laboratory Tests Associated with Routine Maternity Care
- Lactation Consulting and Counseling
- Childbirth Education and Parenting Classes
- Breast Pumps (Prescription Required)
- Family Planning
- Behavioral Health Services
- Interpreter Services
- Screenings
- Immunizations
- Bright Start Program for prenatal and postpartum members
- Case Management
- Member Rewards

Understanding health insurance benefits and available screenings can significantly enhance your patients' health outcomes. Join us in our mission to prioritize and improve women's health and well-being!
